

# Product Evangelist (m/f/d)

in Norwalk, CT

As an integral part of our product team, you will continuously shape and create 3Dconnexion product feature messaging to develop targeted communication of the product value in collaboration with partners from various industries and our corporate team.

For this position, we are seeking a young spirit, engaged and motivated person with professional communication skills, technical grasp and willingness to develop.

## Job Responsibilities

- Maintain a relationship with 3Dconnexion partners and key-users
- Develop partner-specific communication starting from launch
- Create product content such as videos, website copy and blog posts
- Meet partner managers at conferences and trade shows
- Create and run a new 3Dconnexion program for beta users

## Skills and Requirements

- Interest in 3D software and electronic devices is required
- Bachelors' degree or equivalent
- Ability to write effective copy is a necessity
- Excellent communication skills in spoken and written English
- Experience in software or electronic device environments is an advantage
- Personal attitude that strives for challenges
- Willingness to travel domestically and sporadically abroad
- Team and success-oriented work style

## Conditions

- Permanent contract
- Vacation: 20 days
- Trial period: 6 Months
- Working Location: 3Dconnexion Norwalk office

## 3Dconnexion

3Dconnexion® is the leading provider of award-winning devices for 3D design and visualization professionals. Our mission is to help people produce better designs, faster and more comfortably. 3Dconnexion products provide a more intuitive and natural way to interact with computer-generated 3D content. They support today's most popular and powerful mechanical engineering, media & entertainment and architectural CAD applications. 3Dconnexion maintains offices worldwide with headquarters located in Munich, Monaco and Norwalk (CT).
