

# Technology Sales Internship

in Norwalk, Connecticut

## The Company

3Dconnexion makes the most advanced, precise, and comfortable computer peripheral devices used by engineers, architects, and designers around the world. Our SpaceMouse, CadMouse, and Keyboard Pro products provide a superior way for professionals to interact with their 3D environments using today's most popular design applications.

## The Role

The 3Dconnexion Sales Internship provides college students the opportunity to learn vital skills in the sales process of world-class technology products. In this role, you will work in our Norwalk office and interact daily with sales & marketing team members. You will be trained in how to use our products within select applications to gain a deeper understanding of their features and benefits.

## Job Responsibilities

- Provide support to US sales team for 12 hours per week.
- Learn process-driven sales & marketing strategies and client engagement skills.
- Research and identify companies within multiple verticals that would benefit from 3Dx products.
- Utilize prospecting tools and networking skills to identify target contacts.
- Help develop targeted sales communication to address client needs.
- Participate in qualification calls, quoting processes, trainings, and sales closings.
- Manage our CRM system including data entry.

## Profile and Requirements

- Current enrollment in a college or university
- Preferably in a marketing or communication program
- Passionate about technology and sales
- Personable, engaging and an active listener
- Customer service experience is preferred
- Excellent oral and written communication
- Knowledge of MS Office Suite including Word, Excel, Powerpoint and Outlook

## Conditions

- 3Dconnexion Inc. is an at-will employer
- The internship will be during the fall semester
- 12 hours per week
- Flexible on days and times
- Working Location: Norwalk, Connecticut
- The internship will take place on site
